Since 1992, Harvesters has been dedicated to serving Second Harvest Food Bank of Orange County and its mission of ending hunger in our community. As a group we have contributed countless volunteer hours and have raised nearly \$11 million providing the equivalent of over 9,166,600 meals, supporting Second Harvest's hunger-relief programs.

The Harvesters Fashion Show Virtual Presentation is brought to you entirely by committed volunteers, allowing us to give 100% of the underwriting dollars go directly to Second Harvest Food Bank. Every dollar you give truly does make a difference in the lives of the needy in our community.

In FY 2020, the Food Bank distributed more than 42 MILLION POUNDS OF FOOD to their Partner Network members who then provided food to the working poor and others in need at more than 300 locations throughout the county. These are nonprofit and other organizations such as shelters for women and children, church and school pantries, afterschool programs, senior centers, and soup kitchens.

For 38 years Second Harvest has been a critical part of the community bringing donors, sponsors, the food industry, volunteers and other supporters together to feed hungry children and their families, seniors, individuals, veterans, and the homeless throughout Orange County.

City National understands that community is the backbone of our future. When our communities thrive, we thrive. Our values and our purpose have always been – and continues to be – about helping our clients, colleagues and communities on The way up®.

A bank like ours is only as strong as the communities it serves. That's why we'll continue to support causes that have a deep and lasting impact, like Second Harvest Food Bank. We're proud to support their mission to end hunger in Orange County.

## FROM THE CHAIRS...

Thank you for attending Harvesters 28th Annual Fashion Show Virtual Presentation. We are grateful for your enduring support of our mission of feeding the food insecure, including so many newly food insecure, in our community. It has been an unpredictable year to say the least, but your steadfast efforts and warm-hearted giving have helped position Second Harvest Food Bank to effectively serve Orange County's ever-growing need. It has been our honor to chair this year's event and we acknowledge all of you for your contributions. So many of you stepped up early on in the pandemic and happily embraced all the challenges that planning and executing a virtual event bring. We also send a heartfelt thank you to our partner, South Coast Plaza, for producing and sponsoring today's luxury runway fashion show virtual presentation.

We are deeply appreciative of all of the dedicated volunteer members of Harvesters, our Board of Directors and Sustaining members. Their patience, creativity, and generosity this year, and for the last twenty-eight years, forged a legacy of giving that burns brighter than ever.

Finally, we would like to express our admiration for the hero team members of Second Harvest Food Bank of Orange County. Their forward-thinking planning, and quick action, along with the endless hours invested to help serve those in need, inspire our community to #feedoc. The hope and security their efforts instill in so many of our neighbors make their mission to end hunger in Orange County achievable every day.

Thank you for joining us today - and for your support of Harvesters and Second Harvest Food Bank. Have fun, stay safe, and enjoy the show!

With love,

Gail Haft & Nathalie Hymel  
Harvesters 2020 Chairman and Co-Chairman

## INNOVATIVE SERVICE AWARD

The following five partners have demonstrated significant innovation in serving those in need in Orange County.

**Families Forward** exists to help families in need achieve and maintain self-sufficiency through housing, food, counseling, education, and other support services. Families Forward works with hundreds of families to regain economic independence and find a stable home for their children. Many of these families are newly experiencing food and/or housing insecurity.

Since its founding 23 years ago, **Helping Others Prepare for Eternity (H.O.P.E.)** has been on the cutting edge of implementing new and innovative programs to maximize its impact in addressing food insecurity in Orange County. Its One-Stop Safety Net has worked to address both the immediate and long-term needs of its clients.

## HARVESTERS INNOVATIVE SERVICE AWARD est. 2018

In addition to the individuals and families served through the drive-through distribution system, **Laguna Food Pantry** has created innovative approaches to reach veterans, seniors, and the homeless and provide them with food. Laguna Food Pantry has increased the total pounds of food distributed from 51,039 pounds in February 2020 to 157,639 pounds in July 2020.

**Latino Health Access** partners with communities to bring health, equity and sustainable change through education, services, consciousness-raising and civic participation. Latino Health Access' innovative approach to solving hunger involves two parallel tracks - mobilizing a growing community-organized food distribution operation while simultaneously working on sustainable policy, systems, and environmental health initiatives.

As an important part of Orange County's efforts to deal with the COVID-19 crisis, **Orange County Rescue Mission (OCRM)** continues to act as the County's Emergency Operations Center. OCRM is being proactive in enhancing its distribution of food and hunger relief resources to the community at large through many innovative services that provide food and long-term solutions to those in need.

On behalf of Harvesters, congratulations to these five partners for your outstanding work. We look forward to your continued success towards ending hunger in Orange County.
