### What is Second Harvest and why hungry Orange County residents need your help now

Second Harvest Food Bank is one of the largest hunger-relief organizations in Orange County. We work with our Partner Network to provide food to those in need at more than 350 locations throughout the county. The devastating economic fallout of COVID-19 has created an unprecedented hunger crisis in our community. With support from the community, Second Harvest is delivering an unparalleled emergency response effort.

- **Today we are feeding 500,000+ people per month, up from 250,000 pre-COVID.**
- **Our distribution center is experiencing a current average product flow of 5-6 million lbs. of food per month, up from 2.3 million lbs. pre-COVID.**

We are faced with the reality that high levels of unemployment and our required response will go on for months and the economic impact could go on for years. Our most mission-critical need is to purchase food to meet the growing need. We ask the legal community to help us raise funds to continue our COVID-19 crisis response. With your help, we will feed those who need our help for as long as needed. To learn more about Second Harvest, please view our [2020 Annual Report](#).

### What is Food From The Bar?
